

December 10, 1964

MEMORANDUM OF UNDERSTANDING AND AGREEMENT
FOR DESIGN AND CONSTRUCTION SERVICES

Between General Services Administration and Central Intelligence Agency

Name and Location of Project: Langley, Virginia
Printing Plant
Project No. 44152

Cognizant Office: Public Buildings Service, Design Management Staff (PCDD)

Statutory References: The Military Construction Act of 1955, 69 Stat.
324 or P.L. 84-161 (1955), Title IV.

Services Requested of GSA:

This project will consist of a two story, special purpose building on spread footings, based on criteria as outlined in Report dated October 1964 for Proposed Printing Facility, prepared by [REDACTED], to be designed generally in accordance with Project Description and Estimate of Cost dated November 5, 1964. The plans and specifications to be prepared under this contract shall require for inclusion in the construction contract, but not be limited to, construction, approach work, appropriate landscaping, elevators, airconditioning, surface parking, all exterior utilities, extensions and connections to provide all the required utility services for this project, and a temporary office for construction engineer.

Participation by Central Intelligence Agency:

CIA will provide equipment utilities roughing-in requirements and make necessary soil surveys and logs, provide six copies of site plan, two copies of boring data.

On November 23, 1964, it was agreed that General Services Administration would undertake to provide services of the scope described above by using its own facilities and personnel or by contract. GSA will endeavor to provide these services within the limits of costs of the numbered categories indicated on the attached sheet. The Central Intelligence Agency agrees to make available to GSA funds sufficient to cover the total estimated cost of the project. Whenever the scope of the services requested is changed, or whenever unforeseen circumstances require revisions in the cost estimates, it is agreed that this memorandum and any attachments thereto will be amended to indicate review and approval by both GSA and the Central Intelligence Agency.

For General Services Administration

For Central Intelligence Agency
